Healthy Connections PRIME

Glossary of Key Terms

Glossary of Key Terms

- **Active Enrollment:** Members with active coverage under Healthy Connections Prime. This does not include individuals who are enrolled but whose coverage has not started yet.

- **Cancellation:** A request by an individual to be removed from the program **before** the coverage effective date. For example: An individual has been passively enrolled into a Medicare-Medicaid Plan but they ask to leave the program before the coverage effective date. This request will delete the enrollment from all enrollment systems. This would be considered a cancellation.

- **Community:** At home or in a community-based setting, such as a Community Residential Care Facility (CRCF). Not in a nursing facility.

- **Community Residential Care Facility (CRCF):** CRCFs offer room and board and, unlike boarding homes, provide a degree of personal care for a period in excess of 24 consecutive hours for 2 or more persons, 18 years old or older.

- **Custodial Stay:** Member's stay in a nursing facility under an approved Medicaid Long Term Care Stay, and not for temporary rehabilitation.

- **Disenrollment:** A request by an individual to be removed from the program **after** the coverage effective date. For example: An individual has opted into a Medicare-Medicaid Plan but they ask to leave the program after the coverage effective date. This request will end the current enrollment coverage at the end of the month it is submitted. This would be considered a disenrollment.

- **Home and Community Based Services (HCBS) Waiver:** HCBS waivers provide services and supports for persons eligible for nursing home care stay longer in the community (home and community-based settings). Examples of such services and supports are: assistance getting dressed, home delivered meals, and wheelchair ramps. HCBS are offered through one of three waivers: Community Choices, HIV/AIDS, and Mechanical Ventilator Dependent. Plans may also offer these services to non-waiver participants based on medical need.

- **Non-Custodial Stay:** A member's stay in a nursing facility for temporary rehabilitation and not for long term care.

- **Opt-in Enrollment:** A request by an eligible individual to actively join a Medicare-Medicaid Plan.

- **Opt-out:** A request by an individual to affirmatively decline passive enrollment into the Healthy Connections Prime program. Once an individual has opted out, the State must document this and exclude him/her from future passive enrollment processing. There are three scenarios where opt-out requests can be received:

  - The individual opts-in or is passively enrolled, and then opts out **before** the enrollment effective date. The State must **cancel** the enrollment along with opting the individual out of the program.

  - The individual opts-in or is passively enrolled, and then opts out **on or after** the enrollment effective date. The State must **disenroll** the individual along with opting the individual out of the program.

  - An individual **has not opted-in** to the program and he/she **has not been passively enrolled** but he/she requests to opt-out. The State must opt the individual out of passive enrollment into the program.

- **Passive Enrollment:** An auto assignment into a Medicare-Medicaid Plan for an eligible individual who has not actively chosen to join the program. Please note that if an individual does not take action to end their coverage, their membership in the program will be considered voluntary.

- **Plan:** A Medicare-Medicaid Plan (MMP) that is offering coverage under Healthy Connections Prime.

For More Information

Please visit our website at http://www.scdhhs.gov/prime or call the SC Thrive Customer Service Center at (800) 726-8774, Monday-Friday, 8:30 a.m. – 5 p.m. TTY users call 711. This call is free.

Featured in AARP LTSS Publication
Healthy Connections Prime was featured in a first-of-its-kind AARP research paper for Long-Term Services and Supports (LTSS) and family caregivers' needs. Researchers found managed care can advance person and family-centered care, leading to better overall care for members. Healthy Connections Prime was recognized for its requirements for Medicare-Medicaid Plans to engage in dementia-capable training and to identify family caregivers and assess their need for support. The full report and a report summary is located on the AARP Public Policy Institute website.

* Coverage for Wave 1 passive enrollees started on April 1, 2016 and coverage for Wave 2 passive enrollees started on July 1, 2016

Passive Enrollment 2017 is Underway!
Eligible beneficiaries are being enrolled monthly. 60-day notices were sent May 19th with enrollment details for beneficiaries with the earliest effective dates of August 1, 2017.

On May 17, 2017, CMS sent a notice to remind providers that they should not influence patient choice of a health plan. Click here for a copy of the Beneficiary Choice Notice for Providers.

* Coverage for Wave 1 passive enrollees started on April 1, 2016 and coverage for Wave 2 passive enrollees started on July 1, 2016

PROVIDER WEBINAR SERIES
On July 11th, Healthy Connections Prime and SC Thrive kicked-off a series of bi-monthly webinars tailored specifically to providers. The first webinar covered a program introduction, benefits, and other key program topics, and is a great introduction for new providers as well as quick refresher for existing providers. The first webinar will be repeated on September 12, 2017 for those who did not have a chance to attend the first one. Network and non-network providers are welcomed to join! Click here to register.

**AARP Public Policy Institute Nov. 2017**

The AARP Public Policy Institute has issued a brief, "Emerging Innovations in Managed Long-Term Services and Supports for Family Caregivers", that shares great examples of how progressive managed care plans, including South Carolina MMPs, are supporting family caregivers.
